(Allegheny, Pa.)
Historical and biographical
catalogue of the officers

HISTORICAL AND BIOGRAPHICAL
CATALOGUE

OF THE

OFFICERS AND STUDENTS

OF THE

Western Theological Seminary

OF THE

PRESBYTERIAN CHURCH,

AT

ALLEGHENY CITY, PENN'A.

1827—1899.

PREPARED BY ORDER OF THE BOARD OF TRUSTEES.

ALLEGHENY, PA.

PUBLISHED BY THE SEMINARY.

1899.

PREFACE.

At the triennial meeting of the Alumni Association of the Western Theological Seminary in the East Liberty Presbyterian Church, May 5th. 1898, a resolution was passed authorizing the appointment of a committee to prepare and issue a General Biographical Catalogue of the students of the Seminary. and Rev. J. T. Gibson, D. D., Rev. J. J. McCarrell, D. D., Rev. C. S. McClelland, D. D., were named as the committee. At the first meeting of this committee, the chairman was authorized to take charge of the work, secure competent clerical services and begin at once to gather material and prepare copy for the new Catalogue.

The first general Catalogue of the Western Theological Seminary was prepared by Rev. S. J. M. Eaton, D. D., chairman of a committee of the Board of Directors appointed for that purpose in April, 1884. In his preface Dr. Eaton speaks of the peculiar difficulties connected with his work. It was the first general Catalogue of the institution. and there was on hand no material save the imperfect histories of some of the classes prepared for the reunion of 1872. He says, "The death of the lamented Dr. S. J. Wilson and the loss of manuscript matter that he had been collecting for many years was sorely felt. Almost the entire Catalogue has been the result of original investigation, when oftentimes there was no sympathy with the undertaking among those who should have been specially interested."

In the new Catalogue, so far as possible, we have followed the plan adopted by Dr. Eaton, giving the names of all the students matriculated in the Seminary since its origin. Had it been possible, we would have preferred to put all the members of each graduating class together, but, since many students entered the Sem-

inary for a partial course, and many passed to or came from other seminaries, it seemed best to arrange the classes with reference to matriculation, and under each year place the names of the matriculates of that year. In order to make a complete record, giving the name and a biographical sketch of every student whose name appears on the rolls of the Seminary, some 2,000 letters of inquiry were sent out asking for full name, date and place of birth, parentage, college and date of graduation, years of study in this and other seminaries, date of licensure and Presbytery, date of ordination with name of Presbytery, periods and places of labor, marriage, books published and other items of interest.

The lapse of nearly three quarters of a century has obscured the history of many of the earlier students, and in many cases, very little record seems to have been preserved except what we find in the minutes of the General Assembly. Ministers of other denominations than our own have been graduated from the Institution and some of our alumni have entered other professions, so that in many instances we have only been able to give the names. Nearly all our information concerning living alumni has been obtained from the individuals themselves, but where they could not be reached personally, we have studied the minutes of Assembly and have written the stated clerks of the different Presbyteries, and in many other ways have sought to secure the fullest and most accurate knowledge.

Abbreviations not found in the table will be easily understood. "Sem." in all cases means the Western Theological Seminary. Other seminaries are indicated by their usual abbreviations. When a State is mentioned in connection with the particular congregation, the State is not mentioned in the record of succeeding changes, until a change to another State occurs. The same may be said in regard to the relation, whether P. or S. S. Where either one occurs the relation is not repeated unless a change occurs. Where a relation continues up to the time of closing the Catalogue, it is indicated by a dash.

We gratefully acknowledge the kindness of the alumni and friends in responding so promptly and so cheerfully to our letters of inquiry. We also are indebted to the excellent Catalogue prepared by Dr. Eaton, and have followed his methods, only making changes where the reports received by us indicated that there were errors in the former Catalogue. We should also mention the

special assistance rendered by Prof. T. H. Robinson, D. D., who had carefully collected and preserved important facts concerning the alumni that we could not have obtained otherwise. We commit this work to the officers, alumni and friends of the Seminary and to the Presbyterian Church, as a part of a history of an Institution that has been, and is now, one of the most potent factors in extending the kingdom of our Divine Master, not only in this land, but in all the world.

Young men educated in this Institution have gone into all the world carrying the good news of salvation and, like John the Baptist, pointing men to the Lamb of God who taketh away the sin of the world. To write the history of these noble men in detail, would require as many volumes as this volume has pages, but these condensed histories will increase in value as the years go by, and will furnish material for more extended biographies. We appreciate the kindness of our Alumni Association in permitting us, as a committee, to have this small share in securing a permanent record of the work of our students, and we trust that this volume may deepen the interest of the alumni in each other and in their Alma Mater.

HISTORICAL NOTE.

The General Assembly of 1825 resolved to found a new Theological Seminary for the West, to be called "The Western Theological Seminary." A Board of Directors was elected, and a committee appointed to select a site. This committee consisted of General Andrew Jackson, of Tennessee; Hon. Benjamin Mills, of Kentucky; Hon. John Thompson, of Ohio; Rev. Obadiah Jennings, D. D., and Rev. Andrew Wylie, D. D., of Pennsylvania. Offers of land and money were made from different localities. From these Allegheny was selected. This site was confirmed by the General Assembly of 1827. The offer from Allegheny consisted of \$20,000 in cash and eighteen acres of land. The site selected for the building was the summit of what is now Monument Hill, overlooking the cities of Pittsburgh and Allegheny, as well as the three rivers, Ohio, Allegheny and Monongahela. In 1849 the land was returned to the city, on condition of retaining one acre for building purposes, and a perpetual loan of \$35,000, with a semi-annual interest of \$2,100 per annum.

The original building on the crest of the hill was occupied in 1831 and destroyed by fire in 1854. The present building was erected in 1854, at a cost of \$22,000. Near it are four houses, used by the Professors as dwellings. A short distance from these are three other buildings: A Library Hall, Memorial Hall, erected through the munificence of the late Rev. C. C. Beatty, D. D., and his wife, and a building used as a dwelling by one of the Professors.
